

## Pipe-Cleanosaurus

### **Materials:**

8 green pipe cleaners  
Boogly eyes or markers  
Thick marker  
Pencil  
Glue

### **Instructions:**

1. Connect 3 green pipe cleaners end to end.
2. Bundle them around a thick marker for the body.
3. Connect 2 green pipe cleaners end to end
4. Bundle half around a pencil for the head, then coil some for the neck. Leave a 1-inch attaching stem.
5. Attach the head and neck by inserting the stem into the body.
6. For the tail, coil 1 green pipe cleaner around a pencil, leaving a 1-inch attaching stem.
7. Insert the attaching stem into the bundle of the body.
8. Make legs by bending 2 green pipe cleaners into V's, then coiling each end around a pencil.
9. Insert the legs into the body between the coils. Glue on googly eyes or draw on a face with markers.
